

Condenser MCD

Part no.	Description Condenser	Dimensions (D, H x L)
----------	-----------------------	-----------------------

MCD 4.0033	3 Row 14" x 14"	41mm 356 x 356mm
------------	-----------------	------------------

Part no.	Description Condenser	Dimensions (D, H x L)
----------	-----------------------	-----------------------

MCD 4.0041	4 Row 12" x 11" incl. cover	102mm 305 x 279mm
------------	-----------------------------	-------------------

Part no.	Description Condenser	Dimensions (D, H x L)
----------	-----------------------	-----------------------

MCD 4.0053	5 Row 12" x 11" incl. cover 5 FPI	139mm 310 x 350mm
------------	-----------------------------------	-------------------

Part no.	Description Condenser	Voltage	Current	Capacity	Dimensions (D, H x L)	Weight
----------	-----------------------	---------	---------	----------	-----------------------	--------

MCD 4.0103	4 Row 12" x 11" Incl. casing & 1 fan	12 V DC	6.6 A	6.2 kW	190mm 310 x 350mm	± 4.5 kg
------------	---	---------	-------	--------	-------------------	----------

MCD 4.0104	4 Row 12" x 11" Incl. casing & 1 fan	24 V DC	3.3 A	6.2 kW	190mm 310 x 350mm	± 4.5 kg
------------	---	---------	-------	--------	-------------------	----------

Part no.	Description Condenser	Voltage	Current	Capacity	Dimensions (D, H x L)	Weight
----------	-----------------------	---------	---------	----------	-----------------------	--------

MCD 4.0105	5 Row 12" x 11" Incl. casing & 1 fan	12 V DC	6.6 A	7.2 kW	190mm 310 x 350mm	± 5 kg
------------	---	---------	-------	--------	-------------------	--------

MCD 4.0106	5 Row 12" x 11" Incl. casing & 1 fan	24 V DC	3.3 A	7.2 kW	190mm 310 x 350mm	± 5 kg
------------	---	---------	-------	--------	-------------------	--------
